Case # 05-44481(red)

To Whom It May Concern, I Lorraine Barnum requests an adjournment of all proceedings. Do to issue of right of representation. Stating all information given by the plaintiff regarding contact information to obtain appropriate counsel for this particular proceeding where lacking.

All contact information provided by the plaintiff were to obtain council In Southern States of the Country (not the Southern district of New York State) thus all contact information provided by the plaintiff would not be considered licensed in the State of New York, nor the court of Jurisdiction. The complexity of the issue at hand requires a highly specialized requirement.

(Disability Retirement Benefits) Not only can I not afford an attorney with minimal requirements; I am more than financially hard pressed to find representation without the ability to pay. Therefore I request competent legal council to be appointed to assist me in this endeavor.

Best Regards, To All

Lorraine F. Barnum
